Disclaimer

The information contained in this presentation is for information purposes only and does not constitute or form part of, and should not be construed as, any offer or invitation to sell or issue or any solicitation of any offer or invitation to purchase or subscribe for any units in Keppel Infrastructure Trust ("KIT") and the units in KIT (the "Units") or rights to purchase Units in Singapore, the United States or any other jurisdiction. This presentation is strictly confidential to the recipient, may not be reproduced, retransmitted or further distributed to the press or any other person, may not be reproduced in any form, may not be published, in whole or in part, for any purpose to any other person with the prior written consent of the Trustee-Managers (as defined hereinafter). This presentation should not, nor should anything contained in it, form the basis of, or be relied upon in any connection with any offer, contract, commitment or investment decision whatsoever and it does not constitute a recommendation regarding the Units.

The past performance of KIT is not necessarily indicative of its future performance. Certain statements made in this presentation may not be based on historical information or facts and may be "forward-looking" statements due to a number of risks, uncertainties and assumptions. Representative examples of these factors include (without limitation) general industry and economic conditions, interest rate trends, cost of capital and capital availability, competition from similar businesses and governmental and public policy changes, and the continued availability of financing in the amounts and terms necessary to support future business. Such forward-looking statements speak only as of the date on which they are made and KIT does not undertake any obligation to update or revise any of them, whether as a result of new information, future events or otherwise. KIT, the Trustee-Managers (as defined hereinafter) and Credit Suisse (Singapore) Limited, DBS Bank Ltd. and UBS AG, Singapore Branch (collectively, the "Joint Lead Managers, Bookrunners and Underwriters"), and their affiliates, advisers and representatives do not make any representation, warranty or prediction that the results anticipated by such forward-looking statements will be achieved, and such forward-looking statements represent, in each case, only one of many possible scenarios and should not be viewed as the most likely or standard scenario. Accordingly, you should not place undue reliance on any forward-looking statements.

Prospective investors and unitholders of KIT ("Unitholders") are cautioned not to place undue reliance on these forward-looking statements, which are based on the current view of Keppel Infrastructure Fund Management Pte. Ltd. (as trustee-manager of KIT) (the "Trustee-Manager") on future events. No representation or warranty, express or implied, is made as to, and no reliance should be placed on, the fairness, accuracy, completeness or correctness of the information, or opinions contained in this presentation. The information is subject to change without notice, its accuracy is not guaranteed, has not been independently verified and may not contain all material information concerning KIT. None of the Joint Lead Managers, Bookrunners and Underwriters, each of their affiliates, the Trustee-Managers, or any of their respective advisors, representatives or agents shall have any responsibility or liability whatsoever (for negligence or otherwise) for any loss howsoever arising from any use of this presentation or its contents or otherwise arising in connection with this presentation. Nothing in this presentation (including any opinions expressed) should be regarded as investment advice being provided by the Joint Lead Managers, Bookrunners and Underwriters or any of their respective affiliates or a solicitation or a recommendation that any particular investor should subscribe, purchase, sell, hold or otherwise deal in any Units. The information set out herein may be subject to updating, completion, revision, verification and amendment and such information may change materially. The value of Units and the income derived from them may fall as well as rise. Units are not obligations of, deposits in, or guaranteed by, KIT, the Trustee-Manager or any of its affiliates and/or subsidiaries. An investment in Units is subject to investment risks, including the possible loss of the principal amount invested.

Investors have no right to request the Trustee-Manager to redeem their Units while the Units are listed. It is intended that Unitholders may only deal in their Units through trading on Singapore Exchange Securities Trading Limited ("SGX-ST"). Listing of the Units on SGX-ST does not guarantee a liquid market for the Units.

The information contained in this presentation is not for release, publication or distribution outside of Singapore (including to persons in the United States) and should not be distributed, forwarded to or transmitted in or into any jurisdiction where to do so might constitute a violation of applicable securities laws or regulations.

This presentation is not for distribution, directly or indirectly, in or into the United States. This presentation is not an offer of Units for sale in the United States (the "U.S."), nor does it contain an invitation by or on behalf of the Joint Lead Managers, Bookrunners and Underwriters, any of their respective affiliates, KIT or the Trustee-Manager to subscribe for, purchase or sell any Units to any person to whom the Units may not be offered or sold in any jurisdiction where such offer or sale is prohibited. No Units are being, or will be, registered under the U.S. Securities Act of 1933, as amended (the "Securities Act"), or the securities laws of any state of the U.S. or other jurisdiction and no such securities may be offered or sold in the U.S. except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and any applicable state or local securities laws. No public offering of securities is being or will be made in the U.S. or any other jurisdiction outside of Singapore.

- One of Singapore's largest NEWater plants
- Daily capacity of 148,000m³

SingSpring

- Singapore's first large-scale seawater desalination plant
- Daily capacity of 136,380m³

Power Generation, Electricity Transmission and Gas

KMC

- A top-tier gas-fired 1,300MW CCGT plant in Singapore
- 15-year CTA with maximum capacity fee of S\$108m a year

City Gas

- Sole producer and retailer of town gas in Singapore
- Over 700,000 customers

Basslink

- Only electricity interconnector between Tasmania and mainland Australia

Telecoms Infrastructure

DataCentre One

- 214,000 square feet Uptime Institute Tier 3 certified datacentre (estimated completion in 1Q CY2016)

CityNet

- Awarded a mandate to act as the trustee-manager of NetLink Trust

The KMC plant

Description of the KMC asset

| Metric | Data |
|---------------------------|---|
| Total generating capacity | 1,300 MW CCGT |
| Location | Tembusu sector, Jurong Island, Singapore |
| Weighted average age | ~4 years |
| Land lease | Expiring 2035 with 30-year extension option |
| Generation licence | 30 years from 2003 |

A substantial and strategic operational asset

- ✓ A top-tier gas-fired power plant in Singapore
- ✓ Strategic asset in Singapore as power plants cannot be easily replicated given land constraints
- ✓ Well-positioned to support the surrounding industries with electricity, steam supply and demineralized water requirements at Tembusu sector of Jurong Island

Capacity Tolling Agreement

Stable and efficient cash flows

- S\$108m annual capacity tolling fee ⁽¹⁾
- Most operating costs passed through to toller
- Mitigates market and fuel risks
- QPDS facilitate tax free distributions

Long-term visibility

- 15-year initial duration of the CTA
- 10-year CTA extension option

High quality credit of toller

- Full capacity tolling contract exclusively with Keppel Electric
- Keppel Infrastructure Holdings Pte. Ltd. ("KI") (a wholly owned subsidiary of Keppel Corp) to guarantee Keppel Electric's payment obligation

Rare opportunity to acquire control in a substantial and strategic operational asset with long term and stable cash flows

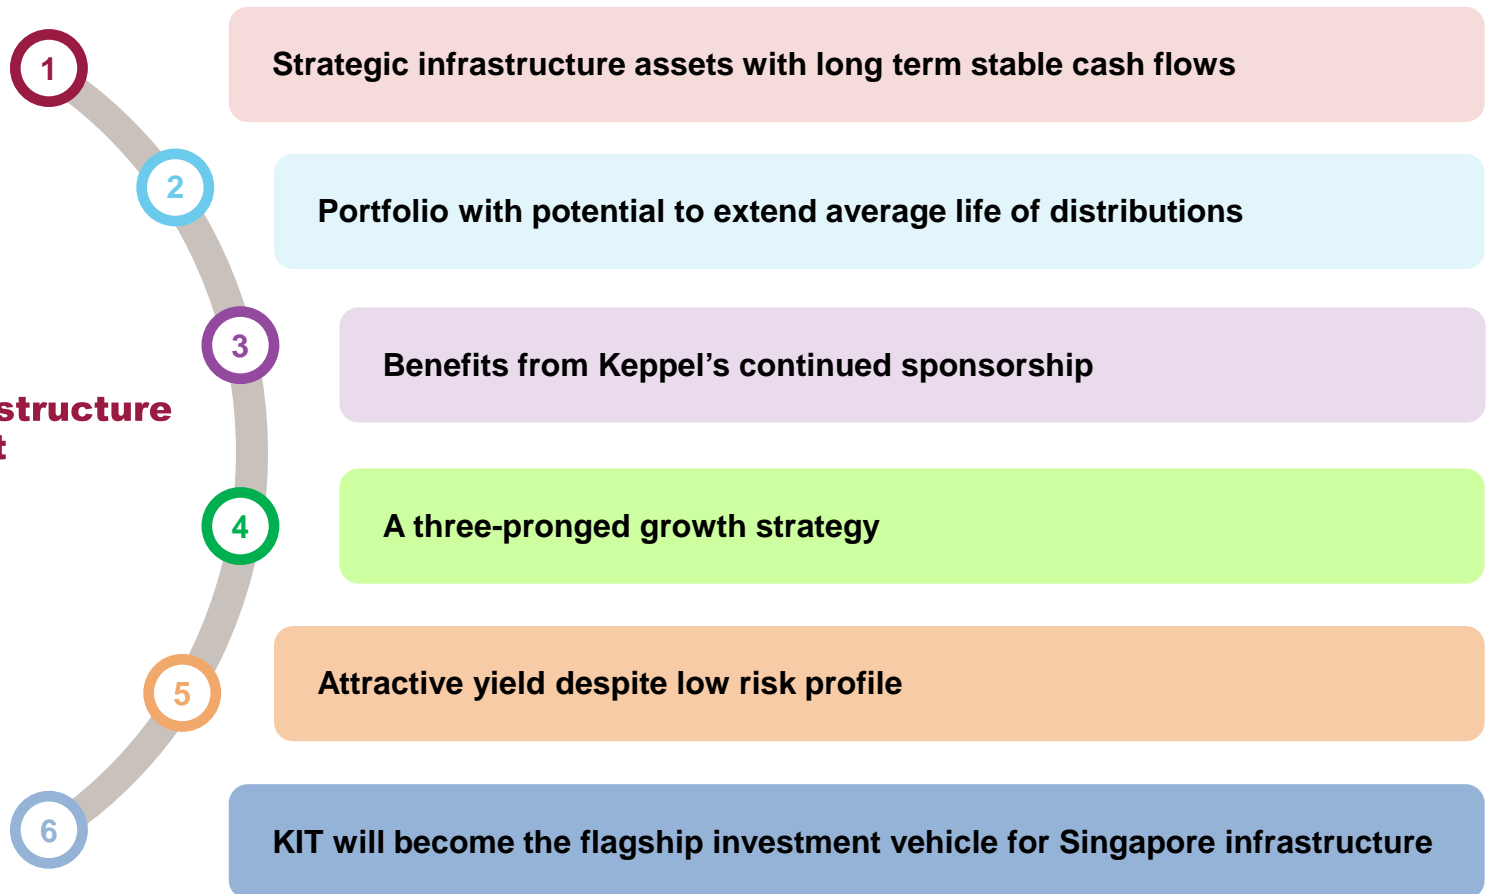

(1) Subject to availability and capacity test targets taking into account provision for downtime (i.e. when the KMC Plant will not be available for generating electricity) for plant testing, and planned and unplanned maintenance works.

3. Key investment highlights of KIT

Key investment highlights

Keppel Infrastructure Trust

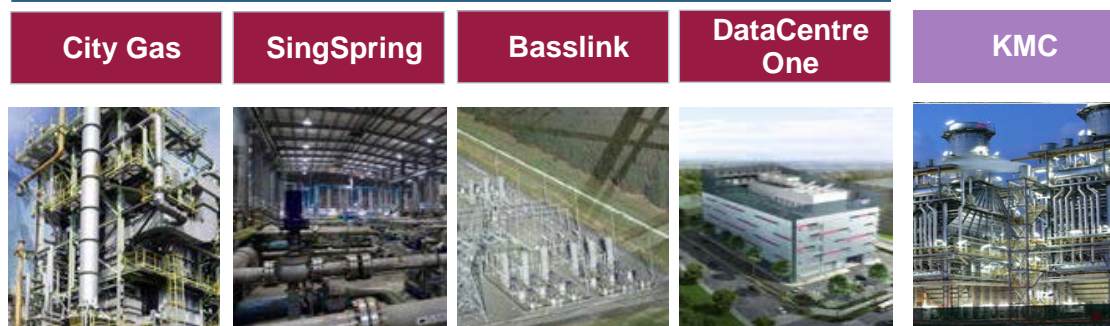

Strategic infrastructure assets with long-term stable cash flows

KIT Investment Criteria

- KIT aims to provide unitholders with long-term, regular and predictable distributions by pursuing investments that exhibit the characteristics listed below

Portfolio of highly strategic assets

| | | | | | | |
|----------|---|------------------|---|---|---|---|
| 1 | Long-term, regular and/or predictable cash flows | ✓ | ✓ | ✓ | ✓ | ✓ |
| 2 | Long-term contracts or concessions / customer stability | ✓ ⁽¹⁾ | ✓ | ✓ | ✓ | ✓ |
| 3 | Creditworthy or reputable off-takers | ✓ ⁽²⁾ | ✓ | ✓ | ✓ | ✓ |
| 4 | Diversification of asset class risks | ✓ | | ✓ | ✓ | ✓ |
| 5 | Jurisdictions with well-developed legal framework | ✓ | ✓ | ✓ | ✓ | ✓ |

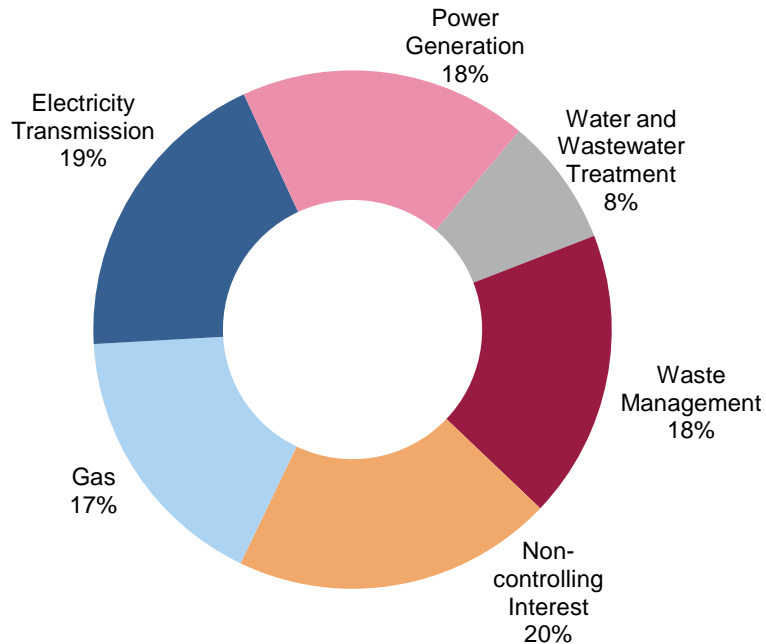

KIT's current portfolio of core infrastructure assets as well as KMC serve basic essential needs and provide KIT with a platform to further expand regionally and globally

(1) City Gas is the sole producer and retailer of town gas in Singapore and has been in operation for over 100 years.

(2) City Gas has a large, diversified customer base and is not reliant on any single customer.

...which results in a well diversified portfolio

Adjusted EBITDA⁽¹⁾ by segment ⁽²⁾⁽³⁾

Total assets by segment ⁽⁴⁾⁽⁵⁾

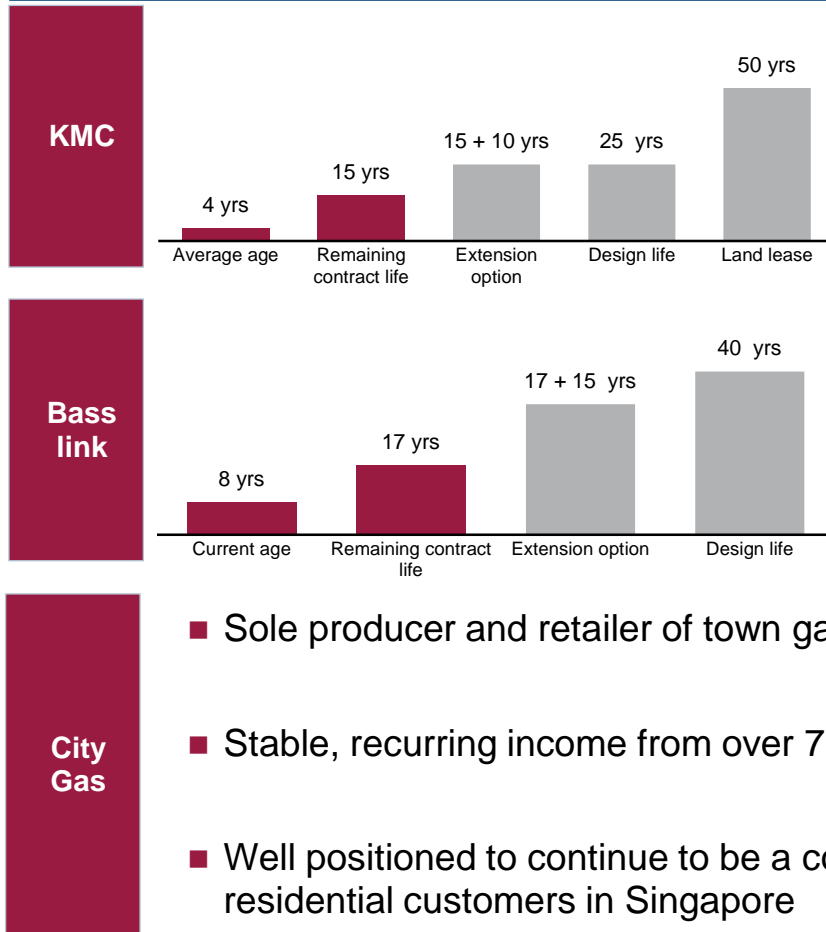

Regular and predictable cash flows from a diversified core portfolio of Singapore infrastructure assets that are not easily replicated

- (1) Adjusted EBITDA means reported EBITDA plus reduction in concession receivable and excluding certain non-recurring expenses.
 (2) Adjusted EBITDA for the calendar year 2014 on a consolidated basis.
 (3) Excludes trust / corporate expenses.
 (4) Based on Pre-Acquisition KIT's and CIT's financial statements as at 31 December 2014, and KMC enterprise value of S\$1,700m.
 (5) Excludes total assets attributable to corporate segment for Pre-Acquisition KIT and CIT.

Portfolio with potential to extend average life of distributions

Value beyond initial contract life

- KMC and Basslink have substantially longer design lives than existing contracts
- Could be extended with further capital expenditures
- Generate cash flows beyond the initial contract period

- Sole producer and retailer of town gas in Singapore
- Stable, recurring income from over 700,000 customers
- Well positioned to continue to be a competitive supplier to a large proportion of the residential customers in Singapore

Keppel Infrastructure

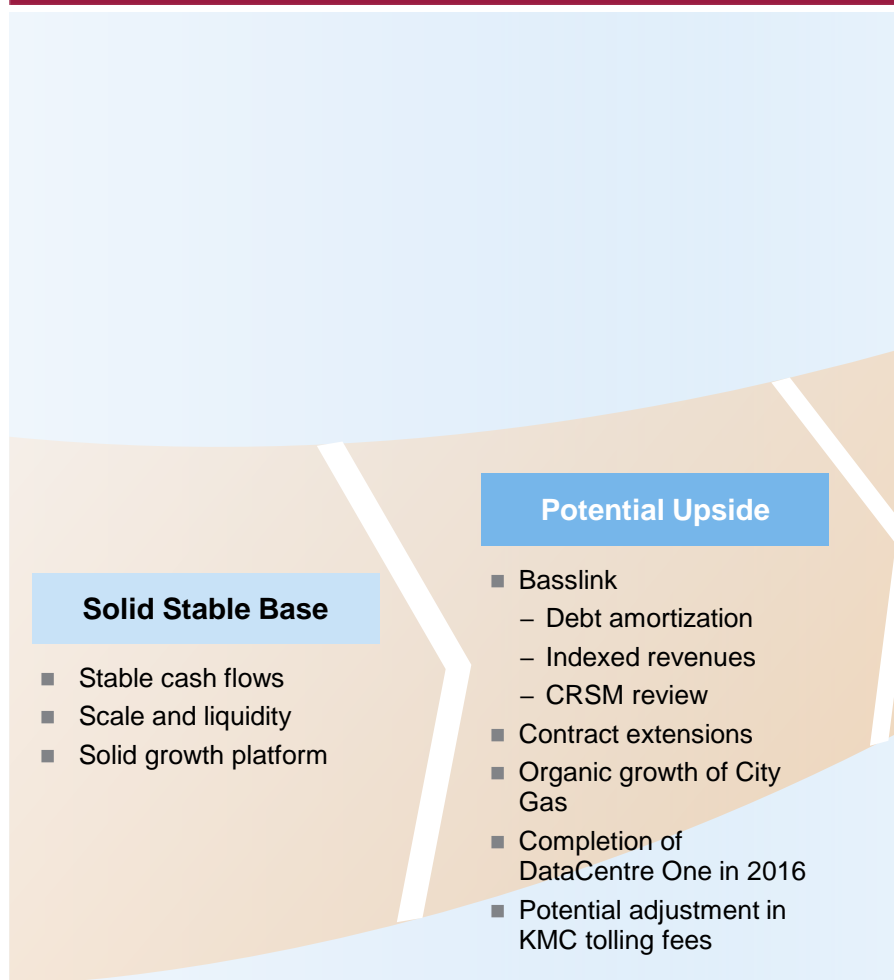

- A wholly-owned subsidiary of Keppel Corporation Limited
- Drives the Keppel group's strategy to invest in, own and operate competitive energy and environmental infrastructure solutions and services
- Complementary businesses to that of KIT's assets
- KIT will continue to benefit from Keppel Infrastructure's ("KI") sponsorship in the following ways
 - 1 Expertise and network in sourcing for and evaluating acquisitions
 - 2 Operational expertise in managing and operating KIT's assets
 - 3 Right of first refusal to acquire assets developed or incubated by KI
 - 4 Potential co-investment opportunities with KI, including warehousing suitable opportunities
- KIT Trustee-Manager has first rights over Keppel Energy's shares in KMC in the event that Keppel Energy wishes to divest its 49% interest in KMC, and vice-versa

KMC Acquisition demonstrates KI's commitment to KIT as a Sponsor by creating a suitable investment that generates stable cash flows for KIT

A three-pronged growth strategy

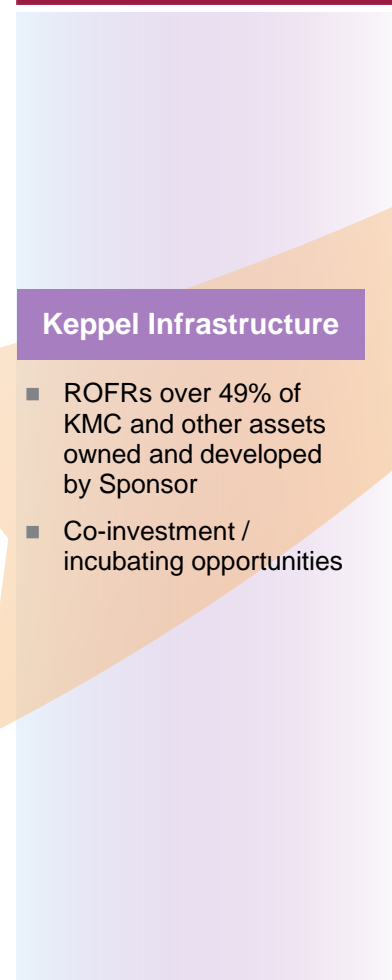

1

Growth of existing portfolio

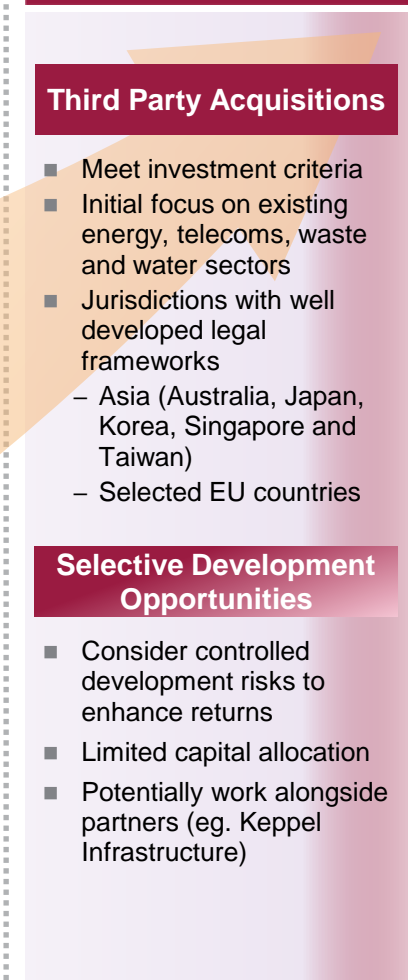

2

Keppel sponsorship

3

External opportunities

Attractive yield despite low risk profile

Forward dividend yield (2015E)

Infrastructure trusts

Singapore Industrial REITs

KIT offers compelling advantage over S-REITs

- 1 Limited supply of infrastructure assets vs. a less regulated property market that could be subject to over-supply
- 2 Stable and long-term cash flows across all economic cycles
 - Not correlated to GDP
 - Unlike REITs that are subject to rental cycles / renegotiations and fluctuating occupancy rates
- 3 Long-term contracts
 - Weighted average lease expiry (“WALE”) for Singapore Industrial REITs is approximately 3.5 years, whereas KIT’s contracts are 9.5 – 31 years⁽⁵⁾
- 4 Creditworthy and reputable offtakers
- 5 Conservative leverage positions KIT for growth

| Net debt / Adjusted EBITDA | 5.5x |

- (1) Adjusted EBITDA means reported EBITDA plus reduction in concession receivable and excluding certain non-recurring expenses.
 (2) Includes S\$5.3m trustee manager fee savings.
 (3) Excludes Hydro Tasmania dispute settlement amount.
 (4) Adjusted EBITDA less KMC non-controlling interest, KMC interest expense, CIT interest expense, capex, SST loan repayment, tax, interest income, changes in working capital and others.
 (5) Excludes Hydro Tasmania dispute settlement amount, Basslink refinancing costs and investment in DataCentre One.

- (6) Based on 218,862,495 preferential units and 773,768,283 placement units (based on midpoint of range).
 (7) Includes restricted cash balance of S\$46.8m.
 (8) Does not include cash balance from KMC as these are considered advance payment of the capacity fees.

Sustainable capital structure

Conservative Leverage

- KIT after KMC Acquisition will have a gearing ratio⁽¹⁾ of 33.1%

Recent Refinancing

- Recent financing demonstrates lenders' confidence in the capital structure
 - KIT's, City Gas and Basslink loans were refinanced in 2014
 - KMC loan to be in place before closing

Asset Based Financing

- Apart from KIT's S\$142m corporate loans, the other loans are at the asset level and non-recourse
- Pre-Acquisition KIT in net cash position

Long Term High Quality Cash Flows

- Leverage supported by underlying long term stable cash flows
 - Long term contracts (9.5 – 31 years)⁽²⁾ with creditworthy counterparties such as government-linked entities and Keppel
 - City Gas' large and stable customer base

Interest Rate Risk Management

- Fixed interest rates in current rate environment and matching cash flow profile
- At least 80% of the loans will be hedged

Currency Hedge

- Borrowing in Australian currency provides a natural currency hedge against foreign exchange exposure arising from Basslink's cash flows

(1) Gearing ratio is defined as net debt over total assets based on the pro forma financial statements for the 12-month period ending 31 December 2014.

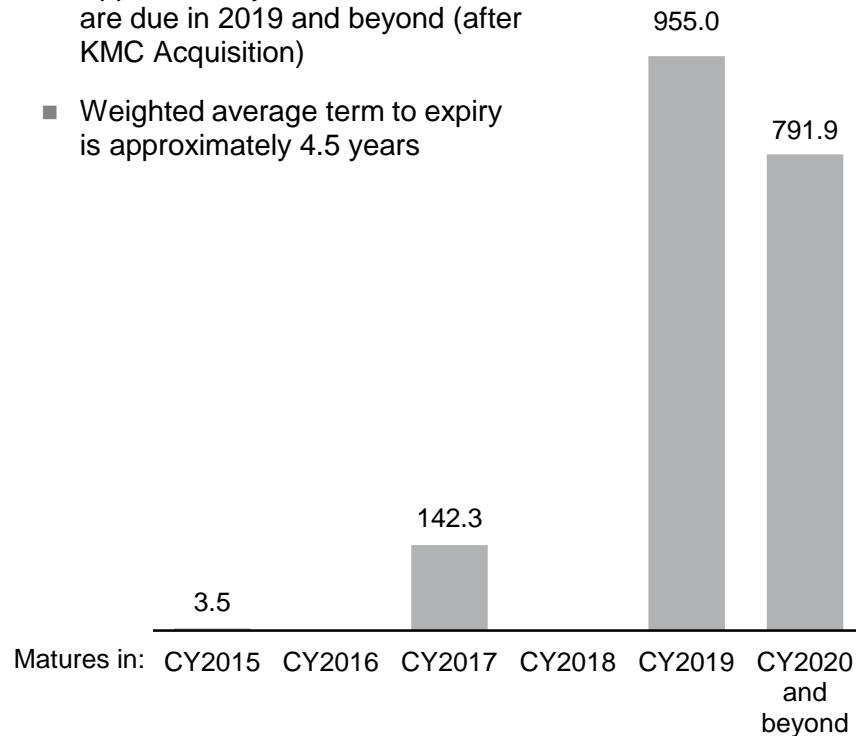

(2) Includes Basslink extension option.

Sustainable capital structure (cont'd)

Maturity profile

(in S\$m)

- Approximately 92% of KIT's loans are due in 2019 and beyond (after KMC Acquisition)
- Weighted average term to expiry is approximately 4.5 years

Debt overview

- Blended average interest rate between 4-5%
 - Singapore average interest rates between 3-4%
 - Australian average interest rates between 6-7%
- A\$ debt of A\$717m (S\$777m)⁽¹⁾
 - Interest rate hedged
 - Provides a natural currency hedge for Basslink A\$ cash flows

Debt breakdown by maturity

Debt breakdown by currency

(1) Assuming exchange rate of A\$1.00 = S\$1.083.

5. Conclusion

Why KIT?

Attractive risk adjusted returns

Underpinned by multiple core infrastructure assets

Generates long term high quality stable cash flows from credit worthy clients or a large customer base

Uncorrelated to GDP

Potential upsides from existing portfolio and future acquisitions

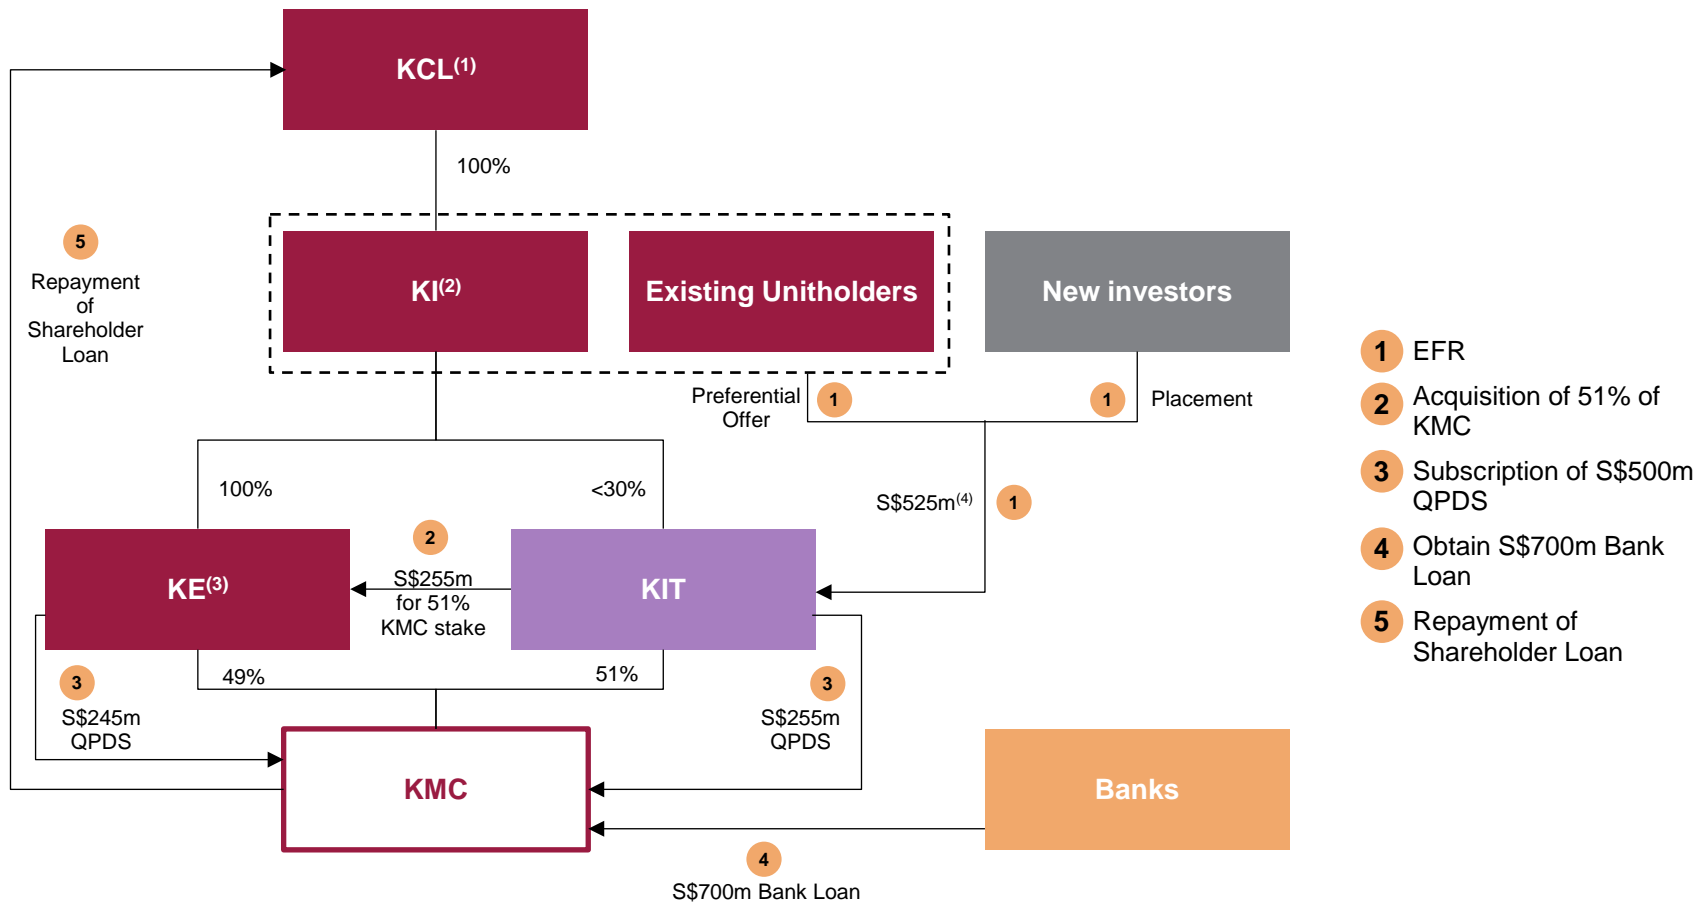

Future growth supported by sustainable leverage and better scale and liquidity
